

**August 2018**

## **N E W S L E T T E R**

Hello!

As you will read further on in our newsletter, the month of July has been fun ☺ The kids like going outside and playing in the water a lot. We are trying to do water play through the end of August but will continue into September if the weather permits. The construction is coming along nicely and we appreciate your patience and understanding. As of right now, the new addition is scheduled to be done mid-October. We are all looking forward to the new rooms!!

If you have any questions or concerns, please feel free to call any time.

Thank you,

*Shanna Hanson*

Director

## **THE INFANT ROOM**

Hello Parents!

The summer is going by too fast. The infants have been enjoying going for walks outside. We have some changes in our room.

We are happy to welcome Miss O'Laughlin as assistant teacher as Miss Moon is the now the cook. The babies sure miss her but they are all getting to know Miss O'Laughlin and we are so excited to work together!

We have some friends that are rolling over. Others are learning to crawl. We are looking forward to what the rest of summer has in store for us. Feel free to ask us questions.

God Bless,

Miss Ward & Miss O'Laughlin

## **THE TODDLER ROOM**

Hello Toddler Families!

The month of July has come and gone. We had so much fun out playing in the sun. Water play has been a blast. We try to do it two times a week.

July also has brought some new friends. Jaylynn moved up to our room. She is doing very well fitting in with our class.

Thank you for your patience and understanding with the construction. Our toddlers are having a great time watching them work when we get a chance to glance through the glass doors. It will be a fun adventure when our room is finished and ready 😊

If you have any questions, feel free to come and ask.

Thank you!

Miss Julsrud & Miss Kinserdahl

## **THE TREE FROG ROOM**

Hi there, Tree Frog families!

We have been having so much fun this summer. The kids LOVE playing in the water and getting all this fresh air!

We are looking forward to creating many more, great memories.

See you around,

As always: any comments, questions, or concerns, please let us know.

Mrs. Markofski & Miss Ferguson

## **THE TIGER ROOM**

Hello from the Tiger Room,

We have been enjoying this lovely summer weather. We have been doing water play, coloring with chalk, and running in the green gas outback. We are learning to identify our names as well as working on learning our numbers and identifying them around the room. Lately, our crafts have been focusing on using our fine motor skills. Next month we are going to be working on our scissor skills. Thanks for checking in.

Mrs. Garcia & the Tigers

## **THE PENGUIN ROOM**

Dear Penguin Parents,

July was jubilant! We had so much fun this month with water play days, field trips to the playground, and guest visitors!

We started out the month of July learning about Independence Day! We learned about the United States of America and how brave soldiers fought hard for our freedom. We also experimented with the colors red, white, and blue.

In July, we also learned about “Enjoying the Summer Sun.” We got as much outside time as possible and had fun playing with bubbles, chalk, bouncy balls, Frisbees, and more. We also learned about sun safety and the importance of wearing sunscreen and protective clothing outside.

We continued the month of July learning about “Eating Healthy.” We learned about healthy foods like fruits, vegetables, protein, milk, and whole grain. We also learned about eating treats in moderation!

We ended July learning about Birds. We learned about birds’ habitats, how birds take care of their babies, and foods that birds eat. We read many stories about birds! We also went bird-watching outside and saw a bird’s nest in a tree! What a fun unit!

More fun to come in August...

Love,

Mrs. James
